Marianna Smith

Dear Sir:

Enclosed please find a Declaration by Marianna Smith, an employee of Texas Instruments Incorporated (TI) and administrative assistant to Michael K. Skrehot, in addition to a Declaration by Flossie Tan, an employee of Texas Instruments Singapore Pte Ltd. (TI-Singapore), a subsidiary of TI in Singapore, and administrative assistant to the Director of Sales and Marketing in the Asia-Pacific region for TI.

These declarations are offered in addition to the following as evidence of the diligence of TI and its subsidiary, TI-Singapore, in obtaining the cooperation of inventor Pang Hup Ong in the prosecution of this application. Mr. Ong was an employee of TI-Singapore at the time of the invention and assigned his rights in

his inventions to TI-Singapore and to its designee, TI, upon becoming employed. Mr. Ong is no longer employed by TI-Singapore.

TI was notified on January 11, 2002 of the dismissal of its first petition under 37 C.F.R. 1.47(a) filed on November 12, 1998. Subsequently, I directed Marianna Smith to send the application papers in this case (including the specification, including claims, drawings, and declaration) to Mr. Ong's last known address, 49, Jalan Teliti, Singapore 537340. I also asked Ms. Smith to contact Flossie Tan, our usual contact for matters involving TI-Singapore, to confirm this as Mr. Ong's last known address in TI-Singapore's records. Ms. Tan confirmed the address and also attempted to contact Mr. Ong, only to be told by his mother that Mr. Ong was out of town on military service and expected to return in the first week of April. In the application papers that Ms. Smith sent to Mr. Ong, I included a letter asking him to review the papers and sign the declaration if he agreed with the content of the papers, or to contact me immediately if he disagreed with any aspect of the papers. I also indicated that I would call to confirm that he had received the papers.

On April 9, 2002 I called Mr. Ong's last known residence, but was unable to communicate with the person answering the phone due to language differences. I asked my wife who is fluent in English, Mandarin Chinese, and Taiwanese, to call Mr. Ong's number in an attempt to determine whether he had received the application papers. After talking briefly and with great difficulty to two people, my wife was told by a man in halting Mandarin that Ong was away on military service and that they knew nothing of a Federal Express package. They also expressed complaints that people from TI had been calling them in this matter.

I then contacted Ms. Tan, who attempted again to contact Mr. Ong, but encountered resistance from Ong's mother. As detailed in Ms. Tan's attached declaration, Ong's mother finally acknowledged that she did not know her son's whereabouts. Ms. Tan was asked not to call again seeking Ong's cooperation in this matter.

In view of these and earlier attempts to obtain Pang Hup Ong's cooperation over a period of approximately three and a half years, Applicants respectfully request the grant of this petition to consider Mr. Ong unreachable under 37 C.F.R. 1.47(a) in order to allow further prosecution toward allowance of this application.

This petition is accompanied by a petition for an extension of time of two months in accordance with 37 C.F.R. §1.136(a). The Commissioner is also hereby requested and authorized to charge any additional fees necessary for the filing of the enclosed papers to deposit account number 20-0668 of Texas Instruments Incorporated.

Respectfully submitted,

Michael K. Skrehot
